

Monica Chiarini Tremblay, Ph.D.

Hays T. Watkins Professor of Business

Raymond A. Mason School of Business, William & Mary

Williamsburg, VA 23185

(305) 812-7554 · monica.tremblay@mason.wm.edu

Personal Website

ORCID: 0000-0003-1289-6679

Education

University of South Florida – College of Business — 2007

Ph.D. in Information Systems and Decision Sciences

Dissertation: *Uncertainty in the Information Supply Chain: Integrating Multiple Health Care Data Sources*

Co-chairs: Alan R. Hevner and Donald J. Berndt

Specialization: Business Analytics, Healthcare IT, Data Quality

University of South Florida — 2003

Master of Science in Management Information Systems

University of Florida — 1991

Bachelor of Science in Industrial and Systems Engineering

American Medical Informatics Association 10x10 Certification

The Department of Medical Informatics & Clinical Epidemiology (DMICE), Oregon Health & Science University

Academic Appointments

William & Mary, Raymond A. Mason School of Business – Williamsburg, VA

Title	Dates
Hays T. Watkins Professor of Business (<i>permanent appointment</i>)	August 2026 – Present
Hays T. Watkins Term Professor of Business Dean's Research Fellow	August 2024 – August 2026 2026-27
Dorman Family Term Professor/Dean's Research Fellow	August 2022 – August 2024
Professor/Dean's Research Fellow	April 2021 – August 2022
Associate Professor	August 2017 – April 2021

Florida International University, College of Business – Miami, FL

Title	Dates
Department Chair and Associate Professor, Information Systems and Business Analytics	May 2014 – August 2017

Title	Dates
Associate Professor and Assistant Chair, Decision Sciences & Information Systems	August 2013 – May 2014
Assistant Professor, Decision Sciences & Information Systems	August 2007 – August 2013

University of South Florida, College of Business – Tampa, FL

Title	Dates
Instructor and Research Assistant, Information Systems and Decision Sciences	August 2003 – May 2007

Research Interests

- Healthcare Analytics and Health Information Technology
- Design Science Research
- Digital Resilience
- Machine Learning Applications in Business
- Social Justice Analytics

Editorial Positions

Current Positions

Senior Editor, European Journal of Information Systems — Present
 Editorial Review Board, Information Systems Research — Present
 Associate Editor, Decision Sciences Journal — 2017
 Editorial Board, Journal of the Association for Information Systems — Present
 Editorial Board, Journal of Business Analytics — Present

Completed Terms

Senior Editor, Production and Operations Management Journal
 Co-Editor-in-Chief, Journal of Information Technology Theory and Application (JITTA) — 2014
 – 2017
 Associate Editor, Health Systems, Healthcare Design Science — 2013 – 2017

Board and Professional Leadership

Board Positions

Board Secretary, Evident Change (formerly National Council on Crime and Delinquency) — 2020 – Present

Advisory Board Member, University of Florida Industrial & Systems Engineering — 2018 – Present

Ex-Officio Board Member, William & Mary Raymond A. Mason School of Business Foundation Board — Fall 2026 – Present

Professional Association Leadership

President, Association for Information Systems SIG Health — 2018 – 2020

President-Elect, AIS SIG Health — 2016 – 2018

Vice-Chair, AIS SIG Health — 2009 – 2011

Executive Board Member, South Florida Women in IT — 2011 – 2017

Student Liaison, HIMSS Florida Chapter — 2011 – 2017

Academic Forum Member, American Medical Informatics Association — 2011 – 2017

Conference Proceedings and Presentations

2024

Tremblay, M.C., Castellanos, A., Espinosa, E., Kohli, R., et al. (2024). Process Mining for Juvenile Justice: Integrating Mental Health Insights to Enhancing Interventions. *Workshop on Information Technology and Systems (WITS)*, Bangkok, Thailand.

Kohli, R., Tremblay, M.C., Espinosa, E. (2024). Bending the Arc of the Moral Universe: Leveraging Data for Accountable Justice for Transition Age Youth. *Hawaii International Conference on System Sciences (HICSS 2024)*, 7141-7150.

2023

Invited Presentations

2025

Process Mining for Juvenile Justice. IE Business School, Madrid, Spain.

2024

Bending the Arc of the Moral Universe: Leveraging Data for Juvenile Justice – A Research Program. University of Laval, Quebec, Canada.

Healthcare Informatics in the United States. The University of Queensland, Australia.

Bending the Arc of the Moral Universe: Leveraging Data for Accountable Justice for Transition Age Youth. Shidler College of Business, University of Hawai'i at Mānoa (Shidler Speaker).

2022

Digital Resilience: Designing, deploying, and using information systems to recover from or adjust to major disruptions quickly. Data Administration Management Association of New York (Virtual Keynote).

Theories in flux: Reimagining theory building in the age of machine learning. PhD Seminar, The Australian National University.

Bending the Arc of the Moral Universe: How Digital Technologies Enable Social Justice for Young Adult Offenders (WIP). Bentley University.

EUGLOH workshop on positive technology for health and sustainability. IT University of Copenhagen (ITU) (Panelist).

2021

Data Is the New Protein: How Commonwealth of Virginia Built Digital Resilience Muscle and Responded to Opioid and COVID Shocks. Shidler College of Business, University of Hawai'i at Mānoa (Shidler Speaker).

Keynote Speaker - Information Systems in Latin America (ISLA2021), AMCIS ancillary conference.

2020

Techday Panel Moderator - Data Bias: Assessing and Addressing Roadblocks. Raymond A. Mason School of Business.

Research in Healthcare IT. SUNY Buffalo Research Talk.

2019

Washington Area Alumni Business Alliance Thought Leadership Series - AI and the future of work (Panel Moderator). Washington, D.C.

Data Management - ETL Workshop. University of the Caribbean, Cancun, Mexico.

My Greatest Fear as a New Doctoral Student (Panel). AMCIS Early Student Doctoral Consortium, Cancun, Mexico.

The Things You are Guaranteed to Do Wrong (and what to do about it) (Panel). AMCIS Early Student Doctoral Consortium, Cancun, Mexico.

Quick Prep and Innovative Teaching Strategies. PhD Project, ISDSA Conference.

Reviewing Reviews: The Good and the Lessons Learned. PhD Project, ISDSA Conference.

The Singularity is Near: Will Artificial Intelligence Surpass Humans in Problem Solving and Design (Panel). Design Science Conference, Boston.

SMART Technology Moderated Panel Discussion. Your Connected Future/Jacobs Tech days, Newport News, VA.

2018

Healthcare Day (Keynote). Center for the Business of Healthcare, Price College of Business, University of Oklahoma.

Battling Brand Maturity in the Age of Big Data (Panel Moderator). William and Mary Tech Day.

2017

Repurposing User Generated Electronic Documentation Practices: Lessons from Case Management in Foster Care. Fox School of Business, Temple University.
